

A bar chart showing the distribution of 1000 observations across 10 categories. The x-axis is labeled 'category' and the y-axis is labeled 'count'. The bars are colored red for categories 1-4 and blue for categories 5-10. The counts are approximately: category 1: 200, category 2: 350, category 3: 250, category 4: 400, category 5: 150, category 6: 100, category 7: 200, category 8: 100, category 9: 100, category 10: 100.
